Your vote goes far beyond the president or governor—judges shape law for decades, school board members decide what your children learn, and ballot measures can rewrite your state’s constitution. All of these impact your family more directly, but it is harder to find information to be prepared. In this hands-on session, iVoterGuide pulls back the curtain on how we research judicial candidates, school board races, and ballot measures—and equips you for the ongoing fight within our communities.

Jessica Holmberg, *Director, Judicial Research, iVoterGuide**;
Michelle McKissick, *Lead Ballot Measure Researcher, iVoterGuide**

1:15—2:45 p.m. [The 2026 Election and Its Impact on the Supreme Court, the Federal Judiciary, and Our Constitutional Rights \(First Liberty Institute\), Room 100](#)

One of President Trump's lasting legacies will be on the federal judiciary, because of the large number of strategic judicial appointments he has made. With lifetime appointments, a president's judicial appointments will outlast his presidency for decades. Who the federal judges are will affect many of our constitutional freedoms, such as religious liberty, freedom of speech, parental rights, and more. Jordan Lorence, Senior Counsel at First Liberty Institute and longtime Supreme Court advocate and observer, will explain the importance of the federal judiciary, the fight in the U.S. Senate to confirm excellent judges to the various federal courts, and how this year's election could affect those appointments.

Jordan Lorence, *Senior Counsel, First Liberty Institute**

1:15—2:45 p.m. [Embracing God's Design: A Conversation with Walt Heyer \(FRC Action\), Room 200](#)

Walt Heyer began cross-dressing at the age of four and underwent so-called "gender affirmation surgery" at 42. He identified as a woman for eight years but embraced his God-given male identity over 35 years ago. We invite you to hear Walt boldly share about the dangers of hormones and surgery, particularly for children. We will also discuss how FRC Action is urging Congress to follow the lead of 27 states (who have already acted to protect children) and bring the Chloe Cole Act up for a vote.

Walt Heyer, *Senior Fellow, FRC**
Quena Gonzalez, *Senior Director, Government Affairs, FRC**

3:15—4:45 p.m. [Six Reasons We Must Give Our Children and Grandchildren a Biblical Worldview \(RenewaNation\), Room 800](#)

This workshop will ignite your passion to embrace the vital responsibility of passing a biblical worldview on to the children and youth entrusted to our care. Parents, grandparents, pastors, and educators will be reminded of the ultimate purpose of biblical worldview education and the profound impact it can have on the next generation. You will leave this session encouraged and better equipped to engage in the battle for the hearts and minds of children and youth.

Jeff Keaton, *Founder and President, RenewaNation**

3:15—4:45 p.m. [Saving Your State: How Truth & Liberty Is Transforming Colorado \(Truth & Liberty\), Room 100](#)

Learn effective strategies from a Christian perspective on political activism and transforming and building coalitions in your state for effective political change.

**3:15—4:45 p.m. PVS Chapters: Renewing Faith and Reviving Freedom One Community at a Time
(Family Research Council), Room 200**

Pray Vote Stand Chapters are local gatherings rooted in churches and committed to prayer, biblical engagement, and cultural impact. Chapters unite believers to pray for their communities and government leaders, vote and influence government for good, and stand for biblical truth. By doing so, they can help shape the spiritual climate of their communities, which can, in turn, influence the culture around them. In this workshop, we'll discuss how God is using these chapters to make an impact across the country and how you can join or start one in your own community.
